“No Child Without A Christmas”

2020 Adopt a Family Program with COVID-19 Changes

Our Adopt-A-Family Program has become very successful. Local businesses, groups and families can play Santa for a Westland family in need of Christmas help.

The Goodfellows will match you with a Westland family and obtain a “wish list” for each child in the family. You will then become their Santa and purchase items from that wish list. You need not purchase all the items. However, we do hope that you will spend about \$90-100 per child.

Gifts CANNOT be wrapped this year. However, if you wish to provide wrapping supplies to the family, it would be appreciated.

The Goodfellows will help arrange a delivery scenario between you and the adopted family. Examples:

1. You deliver directly to the family by December 9, 2020. This is the preferred method.
2. The Goodfellows will deliver your packages to the family by December 15. The Goodfellows need to get the packages from you by December 7th. You can deliver to us at the Jefferson Barns Community Center, December 5/6/7 with an appointment---in a drive up & drop off method.

In addition to your purchase the Westland Goodfellows will provide the following to your gifts for each child.

1. A food voucher (based on family size) for Heartland Market (additional vouchers may be purchased by you for your family). We have not determined the values as of yet.
2. If we deliver your presents we will add hats & gloves, coloring book and crayons when age appropriate, or a baby blanket.

We look forward to your participation in the Adopt-A-Family Program this season.
